If you're a sportsman or sportswoman,
you're a conservationist.

45.2

MILLION ACRES CONSERVED
AND COUNTING

We're in this together

Our Core Values

SPORTSMEN & SPORTSWOMEN

Man has hunted since he walked the Earth.

Every early culture relied on hunting for survival. Through hunting, man forged a connection with the land and learned quickly that stewardship of the land went hand-in-hand with maintaining wildlife – and their own way of life.

WATER

In this lifetime, water will become a scarcity.

We're making an effort to change that.

Having the opportunity to place some kind of protection on a favorite hunting spot would be a no-brainer for almost every waterfowl hunter. The Clean Water Restoration Act offers the opportunity to place protection on many hunters' favorite spots.

WETLANDS

Ducks Unlimited conserves, restores, and manages wetlands and associated habitats for North America's waterfowl. These habitats also benefit other wildlife and people.

UPLANDS

Quail Forever: The Habitat Organization

Two factors affect quail populations above all others—habitat and weather. While we can't control the weather, we can influence the quality and quantity of upland habitat. Habitat is what supports long-term strong and healthy quail populations.

WILDLIFE

Wildlife habitat faces monumental challenges in an ever-changing world.

Agricultural expansion, a growing population, water wars, urban sprawl and oil and mineral exploration are all threats to the habitats pheasants, quail and other wildlife call home. If there are to be places for wildlife going forward, we'll have to work harder, be more creative, and build more partnerships than ever before.

OFFICIAL LICENSED PRODUCT

Ducks Unlimited is the world's leader in wetlands and waterfowl conservation.

DU got its start in 1937 during the Dust Bowl when North America's drought-plagued waterfowl populations had plunged to unprecedented lows. Determined not to sit idly by as the continent's waterfowl dwindled beyond recovery, a small group of sportsmen joined together to form an organization that became known as Ducks Unlimited. Its mission: habitat conservation. Thanks to decades of abiding by that single mission, Ducks Unlimited is now the world's largest and most effective private waterfowl and wetlands conservation organization. DU is able to multilaterally deliver its work through a series of partnerships with private individuals, landowners, agencies, scientific communities and other entities.

Ducks Unlimited: Our Mission

Ducks Unlimited conserves, restores, and manages wetlands and associated habitats for North America's waterfowl. These habitats also benefit other wildlife and people.

These products are manufactured and sold under license from Ducks Unlimited, Inc. A portion of each sale benefits wetlands conservation.

A photograph of a group of wild turkeys in a grassy field. The turkeys are scattered across the frame, some facing left and some facing right. The field is filled with tall, green and yellow grasses. In the background, there is a wire fence and a line of trees. The lighting suggests it is daytime.

PRODUCT**

About the National Wild Turkey Federation

When the National Wild Turkey Federation was founded in 1973, there were about 1.3 million wild turkeys in North America. After decades of work, that number hit a historic high of almost 7 million turkeys. To succeed, the NWTF stood behind science-based conservation and hunters' rights. The NWTF Save the Habitat. Save the Hunt. initiative is a charge that mobilizes science, fundraising and devoted volunteers to raise \$1.2 billion to conserve and enhance more than 4 million acres of essential wildlife habitat, recruit at least 1.5 million hunters and open access to 500,000 acres for hunting.

For more information, visit NWTF.org.

PHEASANTS

forever

QUAIL

forever

**OFFICIALLY
LICENSED
PRODUCT**

Pheasants Forever was started in 1982 by a group of pheasant hunters who saw the connection between upland habitat loss and declining pheasant populations. In 2005, the organization added Quail Forever to address similar plummeting conditions for quail.

Today, Pheasants Forever & Quail Forever is America's largest non-profit conservation organization focused on creating and improving upland habitat. Not only does the organization's habitat mission benefit these beloved upland game birds, but this same habitat also improves conditions for monarch butterflies, honeybees, songbirds, water quality, and soil health.

Although we're extremely proud of our accomplishments, we realize that when your work is conservation, the work is never done. We invite you to learn more about our organization and become a member at www.PheasantsForever.org or www.QuailForever.org
