you're a conservationist.

47.2

MILLION ACRES CONSERVED
AND COUNTING

We're in this together

Our Core Values

SPORTSMEN & SPORTSWOMEN

Man has hunted since he walked the Earth.

Every early culture relied on hunting for survival. Through hunting, man forged a connection with the land and learned quickly that stewardship of the land went hand-in-hand with maintaining wildlife – and their own way of life.

WATER

In this lifetime, water will become a scarcity.

We're making an effort to change that.

Having the opportunity to place some kind of protection on a favorite hunting spot would be a no-brainer for almost every waterfowl hunter. The Clean Water Restoration Act offers the opportunity to place protection on many hunters' favorite spots.

WETLANDS

It's time to "Rescue Our Wetlands"

Ducks Unlimited Inc., Ducks Unlimited Canada, and Ducks Unlimited de Mexico, along with Wetlands America Trust, are committed to making our vision a reality through the new Rescue Our Wetlands campaign. These funds will be used to conserve vital wetlands and other wildlife habitats on North America's most important waterfowl landscapes.

UPLANDS

Quail Forever: The Habitat Organization

Two factors affect quail populations above all others—habitat and weather. While we can't control the weather, we can influence the quality and quantity of upland habitat. Habitat is what supports long-term strong and healthy quail populations.

WILDLIFE

Wildlife habitat faces monumental challenges in an ever-changing world.

Agricultural expansion, a growing population, water wars, urban sprawl and oil and mineral exploration are all threats to the habitats pheasants, quail and other wildlife call home. If there are to be places for wildlife going forward, we'll have to work harder, be more creative, and build more partnerships than ever before.

Ducks Unlimited is the world's leader in wetlands and waterfowl conservation.

DU got its start in 1937 during the Dust Bowl when North America's drought-plagued waterfowl populations had plunged to unprecedented lows. Determined not to sit idly by as the continent's waterfowl dwindled beyond recovery, a small group of sportsmen joined together to form an organization that became known as Ducks Unlimited. Its mission: habitat conservation. Thanks to decades of abiding by that single mission, Ducks Unlimited is now the world's largest and most effective private waterfowl and wetlands conservation organization. DU is able to multilaterally deliver its work through a series of partnerships with private individuals, landowners, agencies, scientific communities and other entities.

Ducks Unlimited: Our Mission

Ducks Unlimited conserves, restores, and manages wetlands and associated habitats for North America's waterfowl. These habitats also benefit other wildlife and people.

These products are manufactured and sold under license from Ducks Unlimited, Inc. A portion of each sale benefits wetlands conservation.

Nearly 50 years ago, the National Wild Turkey Federation dedicated itself to the conservation of the wild turkey and the preservation of our hunting heritage. That mission still stands firm today, and thanks to the efforts of the NWTF, working in tandem with its passionate volunteer base and partners throughout the country, we have seen the rebirth of the wild turkey on our landscapes. The species' population has grown five times in size since 1973 when the NWTF's work began, but no worthwhile mission is ever complete, and the NWTF continues to pursue its purpose while identifying potential barriers to future success. NWTF conservation initiatives – some nearly complete, others being planned for the next decade and beyond – will continue to ensure healthy habitats and healthy harvests for another half century.

For more information, visit NWTF.org.

PHEASANTS
forever

QUAIL
forever

**OFFICIALLY
LICENSED
PRODUCTS**

Pheasants Forever was started in 1982 by a group of pheasant hunters who saw the connection between upland habitat loss and declining pheasant populations. In 2005, the organization added Quail Forever to address similar plummeting conditions for quail.

Today, Pheasants Forever & Quail Forever is America's largest non-profit conservation organization focused on creating and improving upland habitat. Not only does the organization's habitat mission benefit these beloved upland game birds, but this same habitat also improves conditions for monarch butterflies, honeybees, songbirds, water quality, and soil health.

Although we're extremely proud of our accomplishments, we realize that when your work is conservation, the work is never done. We invite you to learn more about our organization and become a member at www.PheasantsForever.org or www.QuailForever.org

FEATURED ARTIST

ED ANDERSON

Ed Anderson is a contemporary fine artist and former Air Force officer transplanted to the mountains of Idaho from Minneapolis. His style has evolved from a lifetime with art and architecture. Bold lines and bright colors have come to define his compositions.

Most days you can find Ed in his home studio overlooking the Boise River on the eastern edge of town. It is an experience. You can usually find him painting to blaring music or beating the strings on an acoustic guitar. Probably you'll catch spirited twin daughters running in and out. In fact, if you do visit and it's quiet, it probably means he's off somewhere exploring in his Jackson kayak with his Boykin Spaniel, Mootie.

Ed strives to catalog Americana. His subjects are derived from vast experience in the outdoors, where Ed spends much of his time. Additionally, his extensive travels push him to investigate things unique to his country. Today he may be working on a landscape at his No Business Lodge, or be on the flats in Florida trying to chase down a Tarpon for a photo. Tomorrow he could be in the chutes sketching the moment a bull tears out with a rider on his back. Then again, you could find him in the mountains, bugling in an elk to 25 yards. No matter where he may be, Ed is trying to capture his experience with his gestural style.

FEATURED ARTIST

Jay Dowd

Jay Dowd is a sporting artist and hunting guide from the great state of Michigan. He specializes in pen and ink illustrations and is inspired by classic upland literature and folk art. His work has been featured by such companies as Ruffed Grouse Society, Orvis, Filson, and Michigan United Conservation Clubs.

He enjoys sharing his time in the great outdoors with his family and friends, both two and four legged. Don't bother contacting him in the autumn, he will be following his English Setters somewhere deep in the grouse woods.
